ROGER M. MILLS, M.D., FACP, FACC

SENIOR CLINICAL DEVELOPMENT & CARDIOVASCULAR STRATEGY ADVISOR

Chagrin Falls, Ohio • (248) 835-6989 • rmillsmd@msn.com •

EXECUTIVE PROFILE

Senior physician, clinical development leader, and cardiovascular advisor with extensive experience across heart failure, cardiovascular therapeutics, pharmaceutical development, medical affairs, clinical research, and academic medicine.

Brings a distinctive combination of deep clinical expertise and pharmaceutical industry experience with senior leadership roles at Janssen Research and Development and Scios, clinical development consulting experience with Renova Therapeutics, and leadership across major academic medical centers.

Well positioned to support biotech and pharmaceutical companies, clinical development teams, investors, and healthcare organizations seeking experienced cardiovascular leadership, strategic clinical input, or project-based advisory support.
